YOU ARE HERE

This is the "Age of Connectivity" and you're in it. You are everywhere, thanks to the Internet. E-mail a friend in Bangor, shop for cool shoes at some European e-tailer, or even watch a web-cast concert from overseas, and all from your desktop.

The world's getting smaller. You might even feel crowded at times. Chill. Look for signs along the road to help you find your way in this brave new world and enjoy the ride.

What a golden year for sports.

Michael Johnson won two gold medals in the 400 meter and 4 x 400 meter relay in the Sydney Olympics.
(Must have been the shoes.)

Multiple medals also went to Maurice Green and to Marion Jones, who took home three gold and two bronze.

She's the first woman to win five medals in one Olympics.

Tiger Woods did it again.
And again.
And again.

As the PGA Tour Player of the year, he placed first in tournament after tournament, including the U.S. Open, the British Open and the PGA Championship.

The golden girls of soccer settled for silver in Sydney.

Under a Shaq attack.

Shaquille O'Neal, with Kobe Bryant, shot the Lakers to victory against the Indiana Pacers in the NBA finals.

ONE GAME SET MATCH

Lance rules. Armstrong

conquered the Alps and silenced cynics, winning his second consecutive Tour de France.

His comeback from cancer makes him a double role model, to athletes and cancer patients alike.

The "Subway Series" made baseball big news.

For the first time in 44 years the New York Yankees and the New York Mets went head to head in the World Series.

New York came out on top.
(As in Yankees.)

The Williams sisters

continued to take the tennis world by storm. Rivals on opposite sides of the net, they're unstoppable as partners.

Venus topped a stellar year with wins at Wimbledon and the U.S. Open.

She took the gold at the Sydney Olympics in singles, and paired with Serena to take the gold in doubles as well.

It wasn't in the stars.

The New Jersey Devils took the Stanley Cup back from the Dallas Stars after their nail-biting double overtime victory in game six.

D-FENSE!

The Baltimore Ravens' extraordinary defense gave them the edge and a 34-7 win over the New York Giants in Super Bowl XXXV.

What goes around comes around.

Look behind the technology hype and you're sure to find recycled trends. Oh, the irony.

It's the 70s all over again.

Large tinted lenses make for look-at-me sunglasses and disco-era hairstyles return with "wings" and feathered bangs reminiscent of Farrah Fawcett's famous locks.

A new twist is the bright burst of hair color, maybe a leftover from the punk and glam rock resurgence last year.

STATE OF
COOL

REFRESH

A rhinestone belt holds up your denims? Glittery studs on your faded jeans?

Totally.

England's Prince William took a "gap year" before college, following his mother's example of service and humanitarianism.

His volunteer and environmental work in Chile shows that the man who will be king is a true prince of hearts.

For the guys, the mop top is back with the "shag" hairstyle. The bed-head hairstyles of Ricky Martin and Kevin of the Backstreet Boys is typical of the macho look many stars like.

Leather whatever.

Leather is everywhere. Leather pants. Leather boots.

Everything else sparkles and shines.

We heard lots of wedding bells.

Two Backstreet Boys got hitched, Madonna married her Guy. Catherine Zeta-Jones wed Michael Douglas, and Jennifer and Brad tied the knot.

As in new millennium traffic. It seems like the more info there is, the harder it is to be informed. Technology promises a bright new age but it's still hard to communicate.

The Pope journeyed to the Holy Land and prayed for peace, while conflicts between Israelis and Palestinians raged.

Allegedly linked to the unrest,
the USS Cole was bombed off the coast of Yemen.
This year we remember with honors entertainer Steve Allen,
actors Walter Matthau, Jason Robards, and
Alec Guinness.

THAT'S NEW?

And the nation waited 36 days for the drama of the 43rd presidential election to unfold.

And the nation waited 36 days for the drama of the 43rd presidential election to unfold.

Another first. After court battles and recounts,

Florida's 25 electoral votes were finally awarded to Texas governor George W. Bush in the closest presidential race in history. In another dramatic sequence of events, tensions between U.S. and Cuba rose over the custody battle of 6-year-old Elian Gonzalez who was finally reunited with his father and sent back to Cuba amid anti-Castro protests.

Crash. Technology and music went head to head, as 19-year-old

Napster co-founder Shawn Fanning battled the music industry over copyright usage of downloaded music.

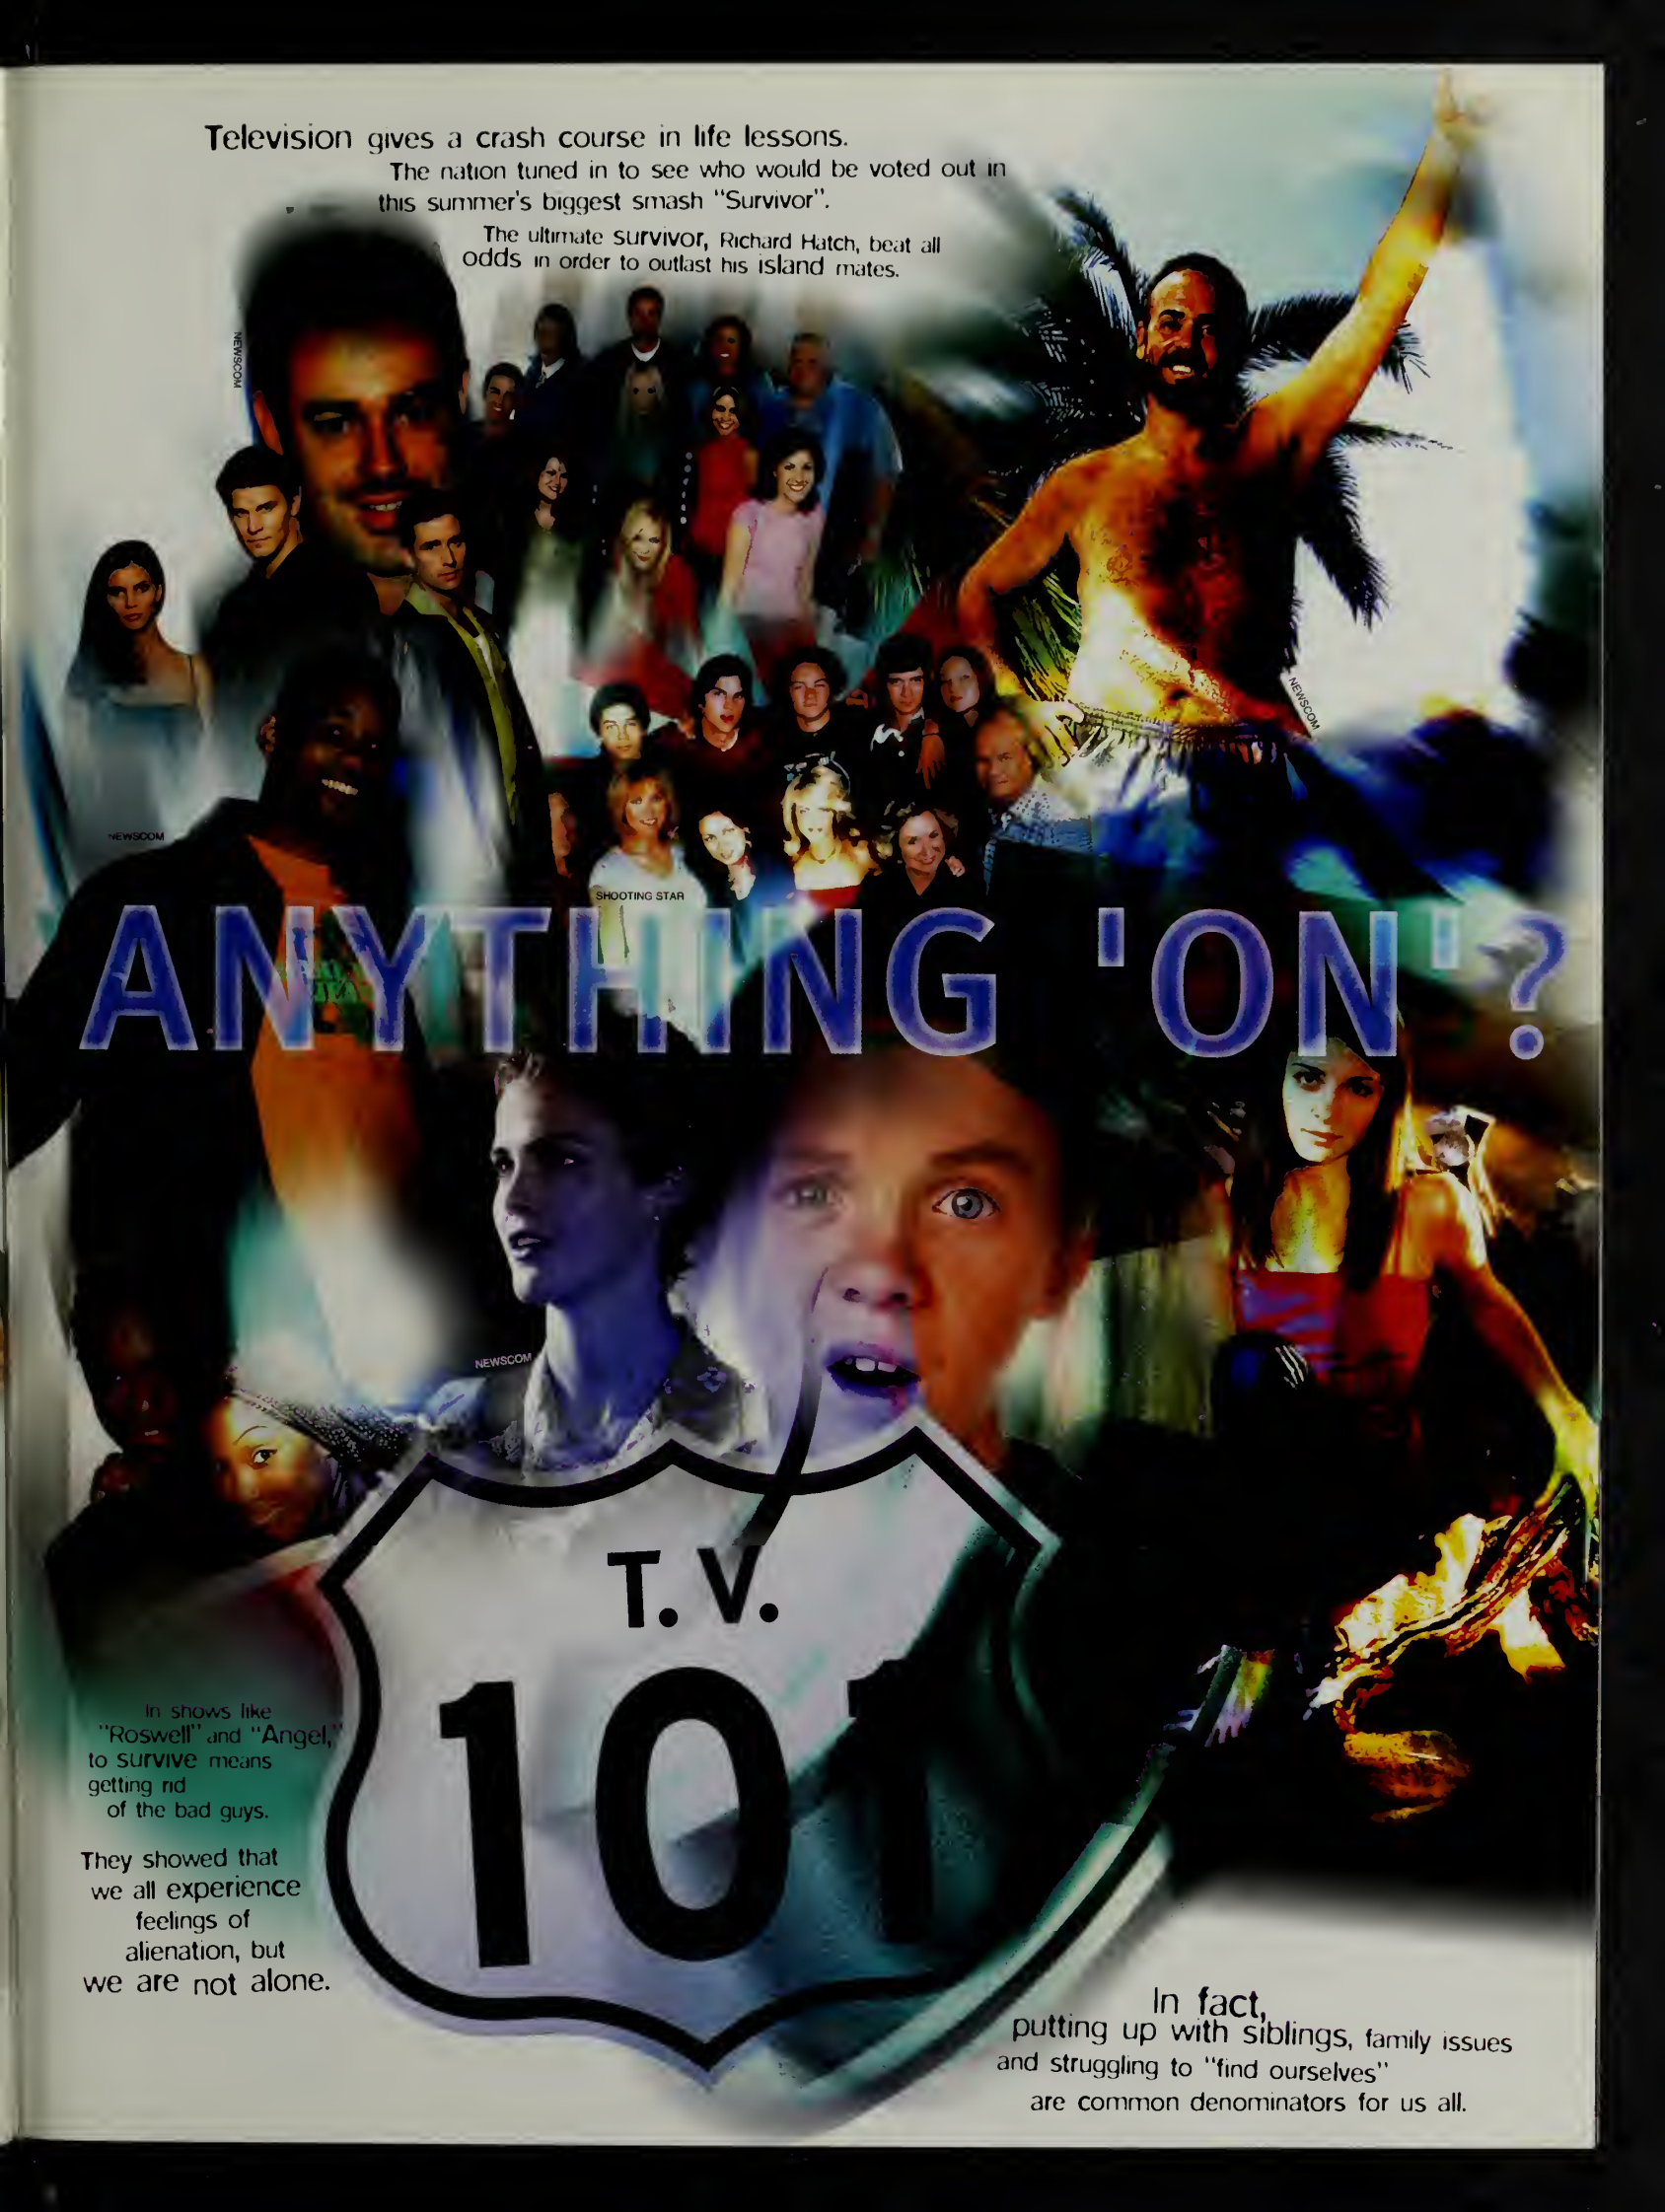

Firestone tires exploded on highways across the nation forcing one of the largest recalls in history.

Hillary Clinton stepped out of the White House and into the U.S. Senate, a **first**.

Television gives a crash course in life lessons.

The nation tuned in to see who would be voted out in this summer's biggest smash "Survivor".

The ultimate survivor, Richard Hatch, beat all odds in order to outlast his island mates.

ANYTHING 'ON'?

In shows like "Roswell" and "Angel," to survive means getting rid of the bad guys.

They showed that we all experience feelings of alienation, but we are not alone.

T.V.

101

In fact, putting up with siblings, family issues and struggling to "find ourselves" are common denominators for us all.

This year, we saw cable lines not only enhance television but surfing speed and e-commerce as well.

Electronic organizers rock.
From the palm of your hand you can check e-mail, invest in futures or buy a present for Mom.

The newest digital cameras have greater picture quality as well as roomier disk space,

while the next generation MP3s
are smaller,
faster, more portable, and provide
better-than-ever sound quality.

Toyota was among the future-thinking car companies to introduce hybrid cars.

Half -electric and half gasoline-powered, these new wheels will eventually be as easy on the pocketbook as they are on the planet.

Playstation 2
and the latest Nintendo
made the
virtual world more
entertaining.

SHOCKING!

Performers

like Hoku and Jakob Dylan of the Wallflowers emerged from the shadows of their famous parents.

Blink-182

lets their California style influence their wardrobe and music, which led them to an MTV music award for "All the Small Things."

Globalization

has had a profound effect on the style-music industry.

Latin's back with a bang with the return of Carlos Santana and the rise of Enrique Iglesias along with

Christina Aguilera's release of a Latin-style CD this year.

And we saw Ricky Martin going global

with a tour reaching as far as Austral-Asia.

On the local scene, many underground performers have been rocketed into the mainstream,

as was Moby, the one-time New York DJ, with the immensely popular "Play," image is everything.

LIVE BABY LIVE!

Madonna came alive (what else is new) with her new "Music," reinvigorating her original dance-music roots.

Unbelievably, this mother of two has topped the charts for some three decades now.

Her concert,

performed in a London pub, was one of the most-watched events on the Internet to date.

And with MTV, VH1, Napster, and others, the faces of today's performers are seen live everywhere.

For pop princesses like Britney Spears, Christina Aguilera and Aaliyah, as well as the ubiquitous boy band, image is as big as (maybe bigger than) their music.

For performers like the Backstreet Boys, LFO, 98° and especially *NSYNC, style is the substance of pop.

Check out their live shows.

SHOOTING STAR

There was something for everybody on the big screen this year.
claymation genius brought the chickens of Tweedy's farm
hilariously to life as they worked up a plan to fly the coop in "Chicken Run."

"Shanghai Noon," with Owen Wilson and Jackie Chan
heading out West to rescue Princess Pei-Pei, played by Lucy Liu.

And Buzz Lightyear came to the rescue, and beyond,
leading the troops on a mission to bring Woody back in "Toy Story 2."

"Pay It Forward" proved
it's possible to change the world
and it doesn't have to be a big thing.

Kevin Spacey, Helen Hunt

inspired us all to do a favor or two or three
and make this world a better place.
